## eeeping the Regulated Community Informed...

You will not want to miss this one-and-a-half day meeting! You will hear about how the Bureau of Radiation Control (BRC) is issuing major changes to the rules governing the use of radioactive material and x-ray producing devices; and undergoing organizational changes that will bring about the end of BRC as we know it! Also, do not miss a special presentation from **Dr. Dale Klein with the U.S. Department of Defense.**

Effective September 1, 2004 at the BRC:

- , Who do you call and to whom do you send your requests for permitting?
- , Bi-annual fee payments
- , Bi-annual permit renewals
- , 10-year technical permit renewals
- , 5% radiation perpetual care fund surcharge
- , Expiration dates return for General License Acknowledgements, Dental, Podiatric and Veterinary Registrations

Effective August 6, 2004 at the Texas Commission on Environmental Quality (TCEQ):

- , Applications for a Texas Low-Level Radioactive Waste Disposal facility will be submitted
- , Learn the very latest information on the TCEQ's involvement in the regulatory process
